

## Domed Magni Pot (small/5ml)

The popular PETG Magni Pot is suitable for products in 5ml, 15ml and 30ml sizes; admired for the premium glass-like effect of its extra thick base. With great compatibility for skincare, foundation and waterproof formulations, these items come with a screw thread cap and can be supplied with PE or PET liners to suit different formulas. The domed cap option adds extra height and can be moulded in clear/opaque/tinted or can be sprayed for extra decoration. Hotfoil or screen printed designs can be applied to the back of the dome.
