

Plastic Primo Promo Lipstick

The Plastic Primo Lipstick is a small size 50/50 style, cylindrical lipstick, with a fully functioning swivel mechanism. With a strong trend for mini make-up packaging, it is an ideal choice for limited edition collections. The modern, minimalist design of the allows the Plastic Primo Lipstick to be incorporated as part of the HCP Fusion Round collection or as a complementary item to a customer's existing product line-up. The cup is designed to accommodate a 12.1mm or 12.7mm diameter bullet and the pack is designed for conventional (automatic or manual) top filling. There is a PP liner in the metal cap to provides a smooth cover fit. The A-Shell can be anodised in a range of colours and textures while the opaque moulded cover and base can be metallised, sprayed or decorative with hotfoil or screen printed designs.

HCP Ref:
517
